Where can you get care?

When you're sick, we have you covered. With Ambetter, you have access to care options like your Primary Care Provider (PCP), our 24/7 Nurse Advice Line, urgent care centers and the emergency room.

Primary Care Provider
Your main doctor. See your PCP for basic medical care. If you are sick with something non-life-threatening, your PCP should be your first stop.

24/7 Nurse Advice Line
Our nurse hotline. Call for quick, reliable advice from a registered nurse.

Urgent Care
A center where you can get care quickly. Go here if you can't get in to see your PCP (no appointment required).

Emergency Room
Handles extremely urgent injuries or illnesses. Only go here if your condition is life-threatening.

Make smart choices for your health.
